[REDACTED] unless permission for an exception is obtained from USIB. It was determined that the information could be released as OCI-produced material without any reference to NIS. The section had been controlled because of the information contained in Subsection E. 1. (Intelligence and Security), a DD/P input to the Section 5. Concurrence to make the material available for the use of DD/P as outlined above was obtained from [REDACTED] OCI, subject to any restrictions which DD/P may impose on their own material.
